Bio I am from Cochabamba, Bolivia. Soccer is a passion of mine. I have been playing soccer all my life including my High School Varsity Team and faculty college team. I currently play in competitive leagues.

I have a USSF E license and plan to pursue my D license.

Coaching Philosophy Helping players to improve their technical skills and tactical awareness within the concept of a team, in a positive, fun and competitive environment is key for the enjoyment of the game. I believe it is important to emphasize team work, not just because it is the base of the game, but because it helps to develop the player's social skills.

Fun fact I am passionate for soccer since I was a kid, I remember going to the games with my dad as a kid and during the games he used to mention what subs the coach should make when his team was not doing well, 5 minutes later the coach would make the changes that my dad was just talking about. For me that was amazing because I would think to myself "Wow!! how the coach can hear my dad if he is next to me and the coach is far away from us!"
